

Compassion & Care

About Us

It's stressful and challenging to care for a loved one or manage your own recovery after a medical emergency. You likely have a long to-do list and many unanswered questions. Sky Medical Supplies is here to make the process a little easier.

Our team goes above and beyond to help you check things off and find the help you need. We take pride in our work and are passionate about supporting you through this challenging time.

Whether you know exactly what home medical supplies you're looking for, or you need general advice, we can help. At our medical supply store, we offer honest recommendations and suggestions without upselling. Get exactly what you need and nothing that you don't. Your success is more important than making a sale!

Meet the Founders

Sky Medical Supplies was co-founded by a husband-and-wife team: Semaynesh Miftah and Hussien Hassen. We opened our doors in May of 2021 at a time when many local families were struggling – both financially and with health concerns.

For years, Semaynesh has been a pillar in Denver's Ethiopian community. Outside of her work as a hairstylist, she built a reputation as the go-to person for temporary housing, financial assistance, volunteer service, and compassionate visits.

Hussein worked as a registered nurse and healthcare supervisor when he noticed a disconnect between the quality of in-hospital care and at-home resources. Seeing that many patients lacked timely, affordable access to home medical equipment, he set out to create a solution.

Here to Serve

Denver is our home, and we're proud to make a positive impact in our community. Together, we can make home medical care more effective and affordable. Sky Medical Supplies is a minority-owned, female-led company with a heart for service.

Always Available

Medical emergencies don't link up with business hours, and we strive to be available when you need us most. Sky Medical Supply Store is open seven days a week, and you'll often find us working to fulfill last-minute orders after hours.
